

Hangar 24 now the “Official Beer of Glen Helen Raceway”

We are proud to announce that Hangar 24 is now the “**Official Beer of Glen Helen Raceway**” and will be one of the major sponsors for The Red Bull Glen Helen National on May 24th! While we count down the days to next month’s National, you can count on getting the party started with a refreshing Hangar 24 brew.

Hangar 24 is a local brewery from nearby Redlands, CA. Best known for their Hangar 24 Orange Wheat, brewed with whole Redlands oranges, their beer has already won over the hearts of many Californians.

Check out the different beers that Hangar 24 offers and what to look forward to at the Red Bull Glen Helen National.

About Hangar 24 Craft Brewery: Hangar 24 Craft Brewery was founded in 2008 across from the Redlands, California airport. Widely known for their flagship beer, Orange Wheat, the brewery takes its name from the hangar in which Founder and Master Brewer Ben Cook and his fellow pilots would meet up with family and friends for a day of flying. Afterwards they would share stories, barbecue, play music and enjoy Ben's latest batch of homebrews. Hangar 24 Craft Brewery embodies that spirit: good beer, a love of flying and the pure enjoyment of being among good friends.

About Hangar 24 Orange Wheat: Crisp, tangy and refreshing. Orange Wheat's citrus aroma, light airy mouth feel and dry finish come from huge additions of whole, locally grown oranges throughout the brewing process. They're the perfect complement to a lively, unfiltered wheat base.
