

# COLTON UDALL IN RUNNING FOR RISING STAR AWARD

The Off-Road Motorsports Hall of Fame (ORMHOF) is excited to invite you to the South Point Hotel, in dazzling Las Vegas, to join in the festivities of welcoming the Class of 2015. This event promises to be an unforgettable evening filled with fun, laughter and memories. On Monday, November 2, all past Inductees and the Class of 2015: Shannon Campbell, Chris Collard, Michael Gaughan, Curt LeDuc and Jerry Penhall will be honored at the South Point Hotel in Grand Ballroom B. This special evening will include the Annual Silent Auction as well as a Live Auction showcasing unique industry products, hotel stays, and off-road themed memorabilia.

We encourage you to attend the upcoming ORMHOF Induction Ceremony. Tickets are still available and can be purchased at [here](#).

In addition to celebrating the newest inductees, we are also pleased to announce two new special achievement awards which will be presented at the Induction Ceremony. These awards have been created to recognize special individuals in off-road motorsports for their hard work, dedication, and respect for the industry. Our goal is to inspire those in our field to be the best they can be today, and to support them in paving a positive path for the future of the industry. Details regarding the two new awards and information on how to vote for a Rising Star nominee have been provided below.

## **The Louis Unser "Never Give Up" Award**

The recipient of the Louis Unser "Never Give Up" Award must demonstrate a pursuit of excellence in the face of adversity. Louis Unser relentlessly fought through health issues to persevere in his passion for engine building. Like Louis, the recipient must exemplify perseverance and an indomitable spirit in their motorsports career. The final selection of the "Never Give Up" award will be decided by the ORMHOF Board of Directors.

## **The "Rising Star" Award**

The ORMHOF "Rising Star" award recipient must be an up-and-coming star that has made an impact in the off-road motorsports industry through: off-road racing, the off-road industry, or as an advocate for the advancement of off-road recreation. Voting Members can cast one vote annually.

**Please consider joining as a Voting Member to become an active supporter in honoring those who are setting the standard for others to follow.**
