**Glen Helen's World Veteran Motocross Championships, slated to run this November 1st & 2nd, has morphed into the Dubya World**

**Veteran Motocross Championships, Presented by MTA! Dubya, the world's most prominent wheel builders (all things wheel!), is the new title sponsor for the 30<sup>th</sup> Annual World Veteran Motocross Championships. MTA is now the presenting sponsor of the world's most prestigious veteran motocross event. These championships began thirty years ago with the initial White Brothers World Veteran Motocross Championship. It is appropriate that DubyaUSA, conceived and managed by Kristin White Anderson, daughter of Tom White (and her spouse, John Anderson), is now part of this event. It is also very appropriate that MTA continues in its major role in supporting the World Veteran Motocross Championships, having taken the prime sponsorship role after Tom White sold White Brother's Specialties. Glen Helen Raceway is excited about the title and presenting sponsorship additions, and looks forward to working with Dubya and MTA to make the best veteran championship weekend even better!**

**30<sup>th</sup> Annual Dubya World Veteran Motocross Championships Presented by MTA Initial Features and Details:** This year activities will be added to the weekend events, using the new Glen Helen/Troy Lee Museum.

**Thursday, October 30th**, will feature an open practice from 8pm to 2pm. The Dubya World Vet Motocross Championships (Presented by MTA) will boast a national-caliber track using all of the famous Glen Helen landmarks such as Talledega, Mount St. Helens, Bud's Creek, Yamaha Hill, and the Sand Rhythm Straight. Riders from all around the globe will gather to compete in this exceptional event, with over eight hundred entrants expected!

**Friday, October 31st**, brings the Dubya World Vet practice from 8am to 12pm. A plethora of vendors will be setting up shop, and the Glen Helen/Troy Lee Museum will be opened in the afternoon for spectators and entrants to enjoy unique historic motocross machines and memorabilia from Tom White's Early Years of Motocross Museum as well as other significant displays.

**Saturday, November 1st**, brings racing to the World Vet MX event. This is the official warm-up day for Sunday's championship races. The classes will include Novice, Intermediate and Expert level races in age groups +25, +30, +35, +40, +45, +50, +55, +60, and +70. A +30 Women's class is also scheduled! The highlight of the Saturday warm-up races is the +40 Pro Race, complete with a \$2,000 Pro Purse! Everyone knows how Doug Dubach (Dr. D) has dominated this class. It will be very interesting to see who will give Dubach a run for the first-place money this year!

**Sunday, November 2nd**, is the official Dubya World Veteran Motocross Championships (Presented by MTA). The same classes will run for the trophies and prestige as Saturday, with one major exception. The 40 Pro Races will be replaced by the +30 Pro Race, which includes a \$4,000 purse! Last year, the very popular former Honda Factory Rider Travis Preston, now riding a Yamaha, took the top spot and has already confirmed he will return to defend his +30 World Veteran Championship title! Over the past 29 years, records have been kept (and published in the official World Veteran Motocross Championship Program) of the individual class champions in ten-year age group increments. Starting this year, because of the great influx of vet riders, records will be kept for five-year age groups. Having champions in the 35, 45, 55 and 65 year age groups will be archived and printed in the coming World Veteran Championships programs and records.

### **Edison Dye Motocross Lifetime Achievement Award**

In 1997, Tom White and Bud Feldkamp initiated one of the most prestigious motocross awards to honor individuals who had a lasting, positive contribution to our sport. Named after the man who brought motocross to America, Edison Dye, twenty recipients including Roger DeCoster, Jeff Ward, Joel Robert, Torsten Hallman, Bruce Brown, and John DeSoto (among others) have been honored at noon during the Sunday Championship Races. Tom, Bud and Glen Helen Raceway are proud to announce that the 2014 Edison Dye Motocross Lifetime Achievement Award will be presented to Chuck "Feets" Minert. A full recap of the Chuck Minert story will be included in the 2014 edition of the Dubya World Vet Motocross Championships program.
