

The World Cup is Back on US Soil! Thanks Eli!

(September 12, 2016) Eli Tomac dominated the field at the Monster Energy MXGP at Glen Helen this past weekend! By doing so, he brought the World Cup back home where it belongs!

Glen Helen's own Bud Feldkamp challenged Youthstream's President Guisepppe Luongo back in 2010 for the bragging rights as to which group of riders was the fastest. . . the established International GP riders or America's fastest riders. Since that time, no American has won the MXGP of USA at Glen Helen... **Until NOW!**
