

Unfortunately, The Monster Energy FIM Motocross of Nations at Glen Helen is Cancelled

(September 27, 2016) - **Mr Giuseppe Luongo, Youthstream President**, and **Mr Bud Felkamp, President of the Glen Helen Raceway**, had a meeting at the Monster Energy FIM Motocross of Nations in Maggiora and in common agreement they have decided to not organize the **Monster Energy FIM Motocross of Nations in Glen Helen** in 2017.

Glen Helen Raceway and **Youthstream** have worked in close cooperation over the last 2 years and both entities have invested serious funds for the organization of the MXGP of USA but despite the quality of the organization, the excellent racing and the massive media coverage the fan attendance was much lower than expected and also much lower than what this event deserves.

For such a prestigious event which deserves and needs an outstanding fan participation the risk is too high, and this is the main reason why it has been decided in common agreement to not organize the Monster Energy FIM Motocross of Nations in 2017 in Glen Helen. If the situation changes in the future both parties would be keen to work together again.
